Mar 2022 - Apr 2022

Javascript caculator Project

The main function: Perform calculations: +, -, *, /

Frontend:

- Technology: React
- Task:
 - + use useContext to manage Global State
 - + Filter some exceptions
 - + Use eval function to calculations

This is link: <https://javascript-caculator.herokuapp.com/>

Apr 2022 - Apr 2022

25 + 5 Clock project

The main function: Having a sound to notify to you in the left time length(default: 5 minutes and can modify it) when the clock time is 0 minutes. Clock run from the session time(default: 25 minutes and can modify) to 0 minutes.

Frontend:

- Technology: React
- Task:
 - + Handle state, onClick event to modify the time.
 - + Handle sound in React(I rare handle it in React and lost many time to fix

This is link: <https://pomodoro-clock-project.herokuapp.com/>

Mar 2021 - Mar 2021

Drum Machine project

The main function: This project is simulate electronic drum.

Frontend:

- Technology: React
- Task:
 - + Handle onKeyUp event, onClick event.
 - + Handle sound in React(I rare handle it in React and lost many time to fix it)

Jun 2016 - Now

Podi Manufacturing and Trading Company, SAB Button Accessories Ltd - China Rep. Office, Unitex International Button Accessories Ltd - HongKong Rep. Office, YIYI Interlining - HCM Rep. Office

Marketing Executive

- Taking care of old customers but the main job is to find new customers.
 - Schedule appointments and arrange client visits.
 - Collecting all the relevant information about the customer and competitor before submitting the quotation.
 - Analyzing buying behavior through their background and feedback after sent the quotation to know that they can become Podi's customers.
 - Making efforts to send quotes and solve problems after delivery is the fastest for key customers(which make 80% of Podi's profits)
 - Recommend prices matching customer 's target price to Podi's manager
 - Recommend right sample to the customer according to customers' demand
 - Management and training for 2 employees
 - Responsible for inviting purchase staff at major companies to participate in a supply chain management workshop.
 - Develop samples, send samples and quotations to the customers.
 - Receive and send PO to the Factory in China or Vietnam.
 - Decide on payment terms(prepay or pay after delivery), follow customer debit.
-
